Source: National Association of State Budget Officers, Fall 2017.

Note: Fiscal 2017 reflects whether general fund revenues from all sources came in higher, lower, or on target with original projections used when the fiscal 2017 budget was adopted. Fiscal 2018 reflects whether Fiscal 2018 collections thus far have been coming in higher, lower, or on target with projections. Not all states were able to report on fiscal 2018 collections.

Key:

(a) Preliminary unaudited revenue figures for FY 2017 were above final estimates for FY 2017, but this was due entirely to a one-time, unanticipated estate tax payment of \$58.0 million. If this payment had not been received, total revenues would have been lower than estimates by approximately \$50.0 million.
