Meeting the Demands of Today's Students

It's not that they don't want to go...

96% of Americans say it is somewhat or very important to have a degree or professional certificate beyond a high school diploma

* Gallup 2014

It's not that they don't want to go...

Percentage who say it is very important to increase the proportion of Americans with a degree or professional certificate:

- Black – 73%
- Hispanic – 72%
- White – 56%

...it's the barriers in the way

- Affordability
- Lack of student supports
- Not structured for working adults
- Institution-focused, not student-focused

What's being done?

- Rebuilding the system for today's students
- New delivery models
- Recognition of learning wherever it takes place
- Degree Qualifications Profile and Tuning
