Section VIII

THE STATE PAGES
The following section presents individual pages on all of the States of the United States, the Commonwealth of Puerto Rico and the Territories of Guam and the Virgin Islands.

Included are listings of various executive officials, the Justices of the Supreme Courts, officers of the Legislatures, and members of the Commissions on Interstate Cooperation. Lists of all officials are as of late 1967 or early 1968. Concluding each page are population figures and other statistics, provided by the United States Bureau of the Census.

Preceding the individual state pages, a table presents certain historical data on all of the States, Commonwealths and Territories.

* Table of official names of States, legislative bodies and capital buildings is on page 49.
* On October 31, 1783, England gave up claim to the territory of the 13 original Colonies, and to all land within an area extending along the present Canadian border to the land between the Woods down the Mississippi River to the 31st parallel, east to the Chippewa Indians, down that river to the mouth of the Pina, and then to the source of the St. Mary's, down that river to the ocean. This territory included all of what is now Montana, and what is now the lower portion of the Mississippi River Valley, but was eventually all ceded to the Nation. Thus, the major part of Alabama was acquired by the Treaty of Paris, 1783, but the lower portion from Spain in 1819. (c) No territorial status before admission to Union. (d) Portion of land ceded by Mexico 1848.
